

Designing the Future of the Rose Quarter, Lower Albina and Lloyd Districts

Various plans to enhance the N/NE Quadrant of Portland's Central City are in the works. PDC, the City of Portland and ODOT staff invite you to a **Joint Open House** to discuss two such projects:

Draft Rose Quarter District Plan

With a project team led by the Portland Development Commission, this plan will realize the community vision of a pedestrian-oriented, mixed-use Rose Quarter district that showcases leading edge sustainability practices, creates jobs, and is well integrated and connected with the surrounding area.

N/NE Quadrant and I-5 Broadway/Weidler Plans

This project, a collaborative effort by the City of Portland and the Oregon Department of Transportation, kicks off Phase II of Central City 2035 to provide detailed planning for the Lower Albina and Lloyd District areas. It will address issues related to land use, zoning, urban design, open spaces, the Willamette River and multimodal transportation, including planning for I-5 freeway improvements.
